

EMERGENCY BEACONS 12

PLB'S

- ACR

12-1

Looking for the best way to be found if you're ever in trouble? Look no further than ACR's line of PLBs; an essential safety device for receiving vital help when you're out of cell phone range. Once you hit the emergency button, a distress signal is sent along with your GPS coordinates. Small and mighty, the ResQLink series of PLB's are designed for loan workers or remote staff.

Features include:

- Compact
- Lightweight
- Non-hazmat Lithium Batteries
- Class 2 Operation @ -4°F
- Battery Replacement: 6 Years from Date of Manufacture
- Engineered Polycarbonate Blend
- High Visibility Yellow Coloured
- Manual Activation
- Waterproof
- 5 Years Warranty
- Lead Free
